

Please do not allow LPFM stations to take priority over the translators on which K-LOVE Radio is now heard. K-LOVE provides an invaluable service not only to my family, but to every community it reaches. It offers our children, and teens an alternative to the otherwise oftentimes profane and vulgar music choices available to them on other FM stations. In addition to providing contemporary music with wholesome lyrics, K-LOVE reaches out and offers many encouraging services to the adult communities where it is heard. We listen to K-LOVE on 91.9, and 99.3. I urge you to protect K-LOVE's FM translator service, and their ability to offer a wholesome alternative on the airwaves.

Thank you,

Denise Walker

K-LOVE listener and supporter
